

Emergency Vehicle Technician (EVT) Training
January 22 to 25, 2019
Charlotte Fire Training Academy, Charlotte, NC

APWA-NC is pleased to offer EVT (Emergency Vehicle Technician) training in North Carolina. If your fleet service includes Fire Trucks, Police Cars or Ambulances, you know how important EVT certification is for your shop, but also how costly it is to send technicians out of state for training. For this reason, APWA-NC is bringing this training to Charlotte, NC. This specialty training is open to all communities.

At this training session, the class for module F-5 will be offered at a cost of \$350 per technician per class, and lunch is on your own. This class is 3.5 days long. Lodging is not included, but a list of hotels near the training facility is attached. The classes are limited to the first **20 registrants**.
