This humorous and provocative workshop is full of practical tools that empower professionals with personal effectiveness. Learn how to stay positive, productive, and effective no matter the circumstances, and explore the impact this skill has on business and organizational culture. Identify the pitfalls of a victim mentality, and increase one’s personal resiliency. In this engaging and fast-paced session you will explore the impact of your leadership role regardless of title.

This class is ideal for Local Government Employees at all levels within the organization that have varying duties and tasks they are responsible for. Cost is only $75 which includes lunch and workbooks. The class is limited to the first 35 registrants.
