The 23rd annual **APWA-NC Stormwater Management Conference** will be held this year at Winston-Salem's Twin City Quarter, at the Benton Convention Center, **October 21–23, 2018**. This is the premier statewide event focused on progressive stormwater management and related water resources topics. 2018 continues an exciting range of partnership levels to recognize and promote your company's support of this important and well-attended event.

All partnership levels represent a tremendous value and opportunity to get your company's name in front of existing and potential clients within North Carolina and the southeast region. Should you desire to be an exhibitor, please respond as soon as possible to reserve your space, as this conference has exceeded full exhibitor capacity for the past five years. Conference partnership opportunities are now open! **The deadline for registration and payment is Friday, October 12th***
